MOBILE
is the new rule

Mobile

has changed the World

Mobile has transformed the way we consume media, interact with products, services and buy.

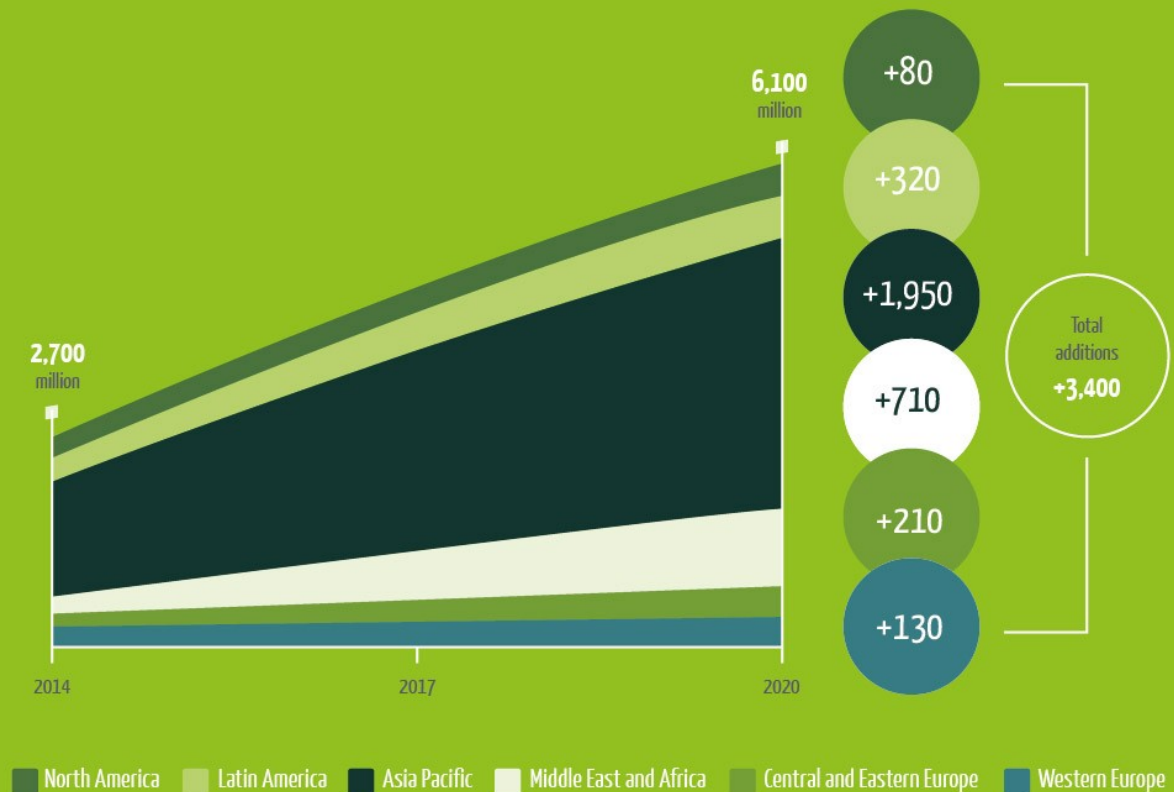

Consumer Mobile usage is increasing, so Marketers are taking the time to ramp up their Mobile strategy to integrate brands within today's most accessible consumer channels.

Emerging Trends

in Mobile Marketing

Smartphone subscriptions are rising all around the world

80% of smartphone subscriptions added during 2015-2020 will be from Asia Pacific, the Middle East and Africa.

New Key Priorities for Marketers

Analytics, Digital, and Mobile will change most by 2020

CMOs predict the areas of fundamental change for marketing over the next 5 years

The right Message at the right Time

Deliver a Mobile personalized experiences

Deploy your cross-channel Mobile Marketing campaigns that keep your users happier and more engaged.

Manage every aspect of the message you want to deliver: with one click you can choose between Online Publishing, Real-time Sharing on social networks, SMS text messaging or a mass-send of Email Marketing.

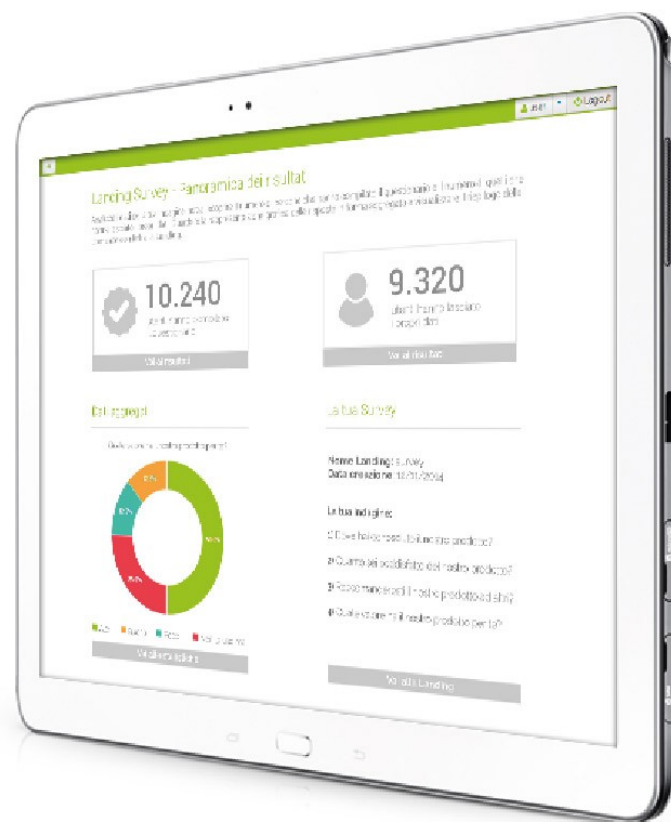

Mobile Analytics

Discover, measure and improve your Mobile ROI

Measuring and analyzing the performance of your campaigns is the key to any success.

Mobile Analytic solution let's you know, in the real time, the behavior of users who have visited the Landing Pages, consumed Storytelling or opened an Email and easily connect the data in the form of numbers and metrics.

A dedicate dashboard will help you pinpoint the main ratios and KPIs.

Analytics

to drive more Conversion

With Mobile Analytics solution each campaign is an opportunity to discover the strong indicators of interest such as Page Views, Unique Views, clicks on Call to Action, kind of browser, OS and geographic location.

The data is collected and divided into reports, illustrated with graphics and images.

Mobile Loyalty & Reputation Management

Buyers today have more information, more access, and more choices than anytime in history.

The battleground for Customer Loyalty has shifted from features, prices, and transactions toward the new landscape of long-term relationships and customer experience.

We have rewritten the rules of Customer relationships by leveraging every touch point and every interaction to create a convenient, fun and meaningful experience.

Features

- ✓ 100% Mobile Friendly Templates
- ✓ API interfacing with external CRM
- ✓ SMS notifications
- ✓ Advanced Analytics and reporting tools
- ✓ Automatic management of the rewards catalog
- ✓ Social sharing buttons

The **Mobile Phone Number** become the only identification element of Customer.

No POS needed

Fidelity Cards are not required

A photograph of a woman with long blonde hair, wearing a light blue button-down shirt, sitting at a wooden table in a cafe. She is looking down at a smartphone in her hands. On the table, there is a white coffee cup on a saucer and a small, patterned metal container. In the background, a man is seated at another table, and the cafe interior is visible with wooden furniture and large windows.
